Customer Reviews

I've purchased many different Beezix cheatsheets for my employees as well as myself. They have ALWAYS been helpful and well worth the costs. From experience, I highly recommend their products.

Just what I was looking for brief to the point descriptions and answers.

This the product was all wrinkled and crushed when recieved. It should be flat because it is laminated. what a rip off... do not spend the money it is not worth 10 cents

why does Microsoft force you to buy this ? it should've at least been a tutorial with windows10

My Windows 10 computer will not let me download Explorer 11, sot this card is pretty useless.

Explains the new features and differences between Edge and Internet Explore.

A nice compact quick reference. Handy and easy to use.

Well organized, easy to use.
