# Understanding The Holy Land: Answering Questions About The Israeli-Palestinian Conflict

## Synopsis

The Israeli-Palestinian conflict is unlike any other situation in the world today. It's in the news daily, can spark intense emotional arguments, and influences American foreign policy. Yet, a real understanding of this heated conflict is hard to come by. In *Understanding the Holy Land*, Mitch Frank offers straightforward explanations. Answering questions from "What is intifada?" to "Why is peace so hard?" Frank carefully covers the significant developments of this complex disagreement. Written in a question-and-answer format for sixth-graders and up, and illustrated with black-and-white photos and maps, this book will help young people understand the Israeli-Palestinian conflict and its significance to the world.

## Book Information

Lexile Measure: 1130L (What's this?)

Hardcover: 160 pages

Publisher: Viking Juvenile (April 7, 2005)

Language: English

ISBN-10: 0670060321

ISBN-13: 978-0670060320

Product Dimensions: 7.7 x 0.6 x 9.5 inches

Shipping Weight: 1.2 pounds

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (9 customer reviews)

Best Sellers Rank: #646,819 in Books (See Top 100 in Books) #43 in [Books > Children's Books > Education & Reference > History > Middle East](#) #175 in [Books > Children's Books > Geography & Cultures > Explore the World > Middle East](#) #4733 in [Books > Children's Books > Religions](#)

Age Range: 10 and up

Grade Level: 5 and up

## Customer Reviews

After reading this book, I feel that I finally have better understanding of what's going on -- and more importantly, why -- in the Holy Land area. The book is written for a middle-school audience, and therefore the language is much easier to understand than that in other books I've tried to read on the subject. Since the subject matter is complicated, and the average reader would need to focus his/her attention on really comprehending the issue, having the author's easy-to-understand language to guide through the chapters is really, really helpful. As of summer 2005, the book is as

up-to-date as can be. I hope that someone -- if not this author -- will be able to follow the issue and keep informing the public the way this book has.

This book should be read by anyone of any age who really wants to understand the full story of the conflict in the Middle East. Mr. Frank offers an empathic and stunningly clear explanation of the cultural and political background and beliefs of all parties to the conflict. He includes a tremendous amount of information, making this complicated subject accessible and shedding light on a situation most Americans know little about. I highly recommend this book.

English is not my primary language but this book was easy enough to finish in two days. I did not know much about Israel-Palestina conflict and was looking for a good book with basic information. This book taught me how the three religions-- Judaism, Muslim and Christianity-- are related, and why different peoples see the Holy Land as their homes. This book is for not only children but perfect for adult readers whose primary language is not English. Highly recommended.

This conflict has been ongoing for a long time. Books that discuss the problems can be very complex. This book by Mitch Frank does an excellent job of sticking to a brief analysis of the major problems in prose that is easy to understand.

Before, I had heard about the conflict in Israel between Israelis and Palestinians, but I had never really researched the situation. When I read this book, my eyes were opened completely to the problem. I ENJOYED READING this book, and I recommend it very highly. It was very easy to read, all it needed was someone reading to be interested. You're dumb, crazy fool if you don't like this book, and you don't know about being politically correct. The author did a grand job describing the situation in Israel. I read this book over and over.
