Attack On Titan 4

Synopsis

HUMANITY PUSHES BACK! The Survey Corps develop a risky gambit to "have Eren in Titan form attempt to repair Wall Rose, reclaiming human territory from the monsters for the first time in a century. But Titan-Eren's self-control is far from perfect, and when he goes on a rampage, not even Armin can stop him! With the survival of humanity on his massive shoulders, will Eren be able to return to his senses, or will he lose himself forever?

Product Dimensions: 4.7 x 0.6 x 7.5 inches

Shipping Weight: 6.4 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars (See all reviews) (60 customer reviews)

Best Sellers Rank: #56,106 in Books (See Top 100 in Books) #124 in Books > Comics & Graphic Novels > Manga > Horror #214 in Books > Comics & Graphic Novels > Manga > Science Fiction #7045 in Books > Teens

Customer Reviews

Every now and then, each year, a certain manga suddenly appears in the spotlight and becomes popular. Not just that, but so popular everyone seems to know and talk about it. The question then, for everyone, is whether said manga is actually worth reading and lives up to the hype it has caused – something which is quite uncommon considering how this typically works for series. The popularity of Attack on Titan (Shingeki no Kyojin) is undisputable, but worth the read? I certainly think so, as I will explain below. Written by Hajime Isayama, Attack on Titan is one of those series which against all odds, presents an original concept and makes it work. Its story is simple: a threat has befall humanity as "Titans" appeared out of nowhere and drove humans to near extinction after they began devouring one person after another. In order to avoid total annihilation and rebuild society, humans have been forced to live in a small section of the world where three walls defend them from the Titans devouring them. The manga focuses around this premise, along with how the humans fight against the menace that the Titans suppose. The story of Attack on Titan develops

beautifully. Not only it is an original concept, which hasn't been seen a lot in this media, but it also plays and develops it well. Despite the concept behind the story having been played down in the past by other similar apocalyptic series, this doesn't apply to it. It not only focuses on the sheer horror that the human-devouring Titans present, but also on the very real human society which still exists and attempts to rebuild itself. Attack on Titan succeeds in not leaving any of these elements behind, and paints a clear picture of its world as a whole via its story.
