Customer Reviews

This is a needed help for all looking to get a greater understanding of the Bible. If utilized it will give the reader and student a clearer comprehension of the Bible. Looking up "HAM" (Noah's Son) helped to prove that the so called negroes in America are NOT AFRICAN and that these Bible scholars knew something very significant concerning their struggles. When you consider the Israelites would not know their identity due to the curses for forsaking the Most High God, it will help to identify the true Israelites according to the flesh and all those that sought to destroy them according to Psalms 83. Many will not like the truth of the matter but it us what it is.

I purchased the Compact Bible Dictionary in 1988. It has been an excellent resource to help in my

Bible study. I am now purchasing 30 copies to give to members of my Sunday School class.

This book helps explain so many of the phrases, terms, locations, items, etc. in the bible. It is enjoyable to just thumb through it and stop on a word, and say " ghee, I didn't know that" I highly recommend it to anyone who is interested in the bible.

I would have to strongly recommend this to anyone reading the bible. I have been guilty of assuming meanings associated with certain words in the Bible, this dictionary removes all doubts and gives a bit of clarity.

One of the best Bible dictionary going!! If you're serious about understanding the Bible; this dictionary will be a benefit to you.

I was a little skeptical since it doesn't look like the original Zondervans, but it has the same content. I compared it to an old copy and all was the same, so it's perfect. This is the only bible dictionary to use.

Great reference tool although text is small, which if you have problems with eyesight can be troublesome. Also all illustrations are black and white, none in color, this is a big problem with there being so many pictures of biblical artifacts, places, and things, which for the serious bible student, can hinder study.

I have a couple of bible dictionaries and this one is my favorite by far. It clarifies things for me. I am gifting this to my cousin for Fathers Day. He teaches and studies and I think this will be a great gift for him. Thank you!
