Customer Reviews

My children love these books! Working on getting the entire set! The size of the books are great for small children and the information is captivating for any age group...

Great book for 6th graders

Very brief introductions to many ancient civilizations. This book covers more than I expected and has been an excellent "intro" read for our unit on Ancient Civilizations.

My daughter is in elementary school and for her birthday wanted books! I really loved this one and she did too. DK makes learning about history enjoyable and not so boring!

The student found it useful in studying ancient civilizations; great study help.

My son is autistic and enjoys the many graphics.
