I found this book quite by accident at a Christian book store I visited during the Easter weekend. The title alone intrigued me, especially since I have been labeled a Jesus freak by co-workers at previous jobs. At my current job I work with a number of individuals that actively ridicule people of faith. I am from the US and I'm only working in Canada temporarily. I never expected that I would find Canada (British Columbia to be exact) to be so lacking in faith. I have story after story to tell of people speaking against God, religion and faith in general. These people that I'm around don't stop at denying God and Jesus, but oppose anything that even smacks of organized religion. I've heard on the news here that only 33% of Canadians feel that going to Church is worthwhile. Very sad. The books, "Jesus Freaks," helps me to understand that what I'm going through is very minor compared to what others are enduring. It's helped me put into perspective my problems and has illustrated for me that maybe I could do more. Mostly I've stayed quiet and let others say their peace. For example,

I said nothing when a young woman told a story about how her date over the weekend mentioned God. She told the young Christian that she was a sinner and quite proud of it. She continued for quite some time talking about how stupid this guy was and how dare he talk about God in front of her. This is typical around here. I'm ashamed to say, though, that I didn't say anything. I know now that I should have not remained silent. Buy this book. Read every account. Put yourself into their shoes. Would you be able to do what these people have done? If not, pray for understanding. Jesus will be their for you, but you need to make yourself available to him.
