Age Range: 6 and up

Grade Level: 1 and up

Customer Reviews

I love this series of books! I use them with my second graders when we do our non-fiction reports. This particular book (series) is great for lower readers / struggling readers. Lots of great pictures, non-fiction text features, and big print makes it easy for even struggling readers to gather important facts and be successful while their peers are working with higher level texts.

I am happy with my purchase
