# The Kid's Book Of Simple Everyday Science

## Synopsis

These 40 simple science activities will have young kids searching the house for everyday items to learn about temperature, pressure, water, air, heat, and plants! Each easy and fun activity includes how-to photos, simple instructions, short explanations, and introduces beginning math principles. With tips and extra information to extend the scientific experience, this book will get kids thinking like scientists in no time at all! The book includes: supply & tool lists, visual and text-based explanations, step-by-step instructions and photos, and safety information.

## Customer Reviews

Perfect for a bright, inquiring 3 year old.

It was a gift n it seemed to really spark her creativity in the sciences. She couldn't wait to try it out!

Christmas present for my grandson who is interested in science

daughter loves it
