My First Farm Book

Synopsis

The new titles in Dorling Kindersley's best-selling "My First" series focus on early language development-with full-color photos and clear, simple text. This first word-and-picture book explores the busy world of farms. Young children will be able to enrich their vocabulary and develop essential early reading skills while they learn about farm life.

Customer Reviews

Trying to bring up our children with english and german, this book offers a great opportunity to read, as the pictures are obvious and beautifully photographed, and I can translate quickly, without the need of a dictionary. My boy doesn't sit still for long, so single images are great, he can concentrate for as long as possible, without a story being interrupted, if he's patient I can make a story around an item, if not we just move from image to image. I love the series, and we have the other titles as well.
