Customer Reviews

My 12, 7, and 4 year old daughters are all enjoying this book. It is easily adaptable to the levels of different aged children. I highly recommend it and would buy it again!

I got this book for my children at church grades 1-5 but after receiving it found out we all can use it. we are doing a program for all ages (2year old thru 12th grade).It has so much material for learning about our Bible even I have learned several new things..Wonderful book for learning many things about all 66 books of the Bible.

I ordered this book to have some written material to go with the Buck Denver What's in the Bible video's I purchased for homeschooling my daughter. I personally like the book. I think it's clear to understand and a great hands on tool for this age bracket. My daughter is 9. The only reason I gave

it a 4 instead of a 5 is because I think for a child that has had little exposure to the Bible, I think it's a little confusing for her with some of the questions and a bit overwhelming. I got the feeling they expected you to already have a bit of knowledge about the Bible before using this book. It's okay though, we got through it. It really is a good learning tool and I would recommend it.

Our sunday school class consists of 4th - 7th graders and they LOVE this Curriculum. IT is by far the best laid out Curriculum I have seen in a long time. I have been teaching Sunday School for 4 years! I highly recommend this!!

Good Book if you want everything about each book of the bible laid out for you.BEWARE.....The books on the road map for the kids are out of order!! And as youare teaching they list them out of order as well. They list them as1&2 Samuel 1&2 Chronicles instead of 1&2 Kings next. They may have done this on purpose for some weird reason.

My daughter is using this book in her homeschooling classroom. She and her 4th grader love the lessons and they are learning so much! Great book and good purchase experience.

My child loves this book! We just received it yesterday, and they are already working on it. Lots of fun activities to keep them engaged, and I love that they can use their Bible as a resource. I definitely recommend this book!

Great gift item! I bought this for my parents who are sunday school teachers at their church. It provides them with over a year of lessons for one amazing price. My dad mentioned how the kids love them and that they are great lessons. It's also a plus to save him some time trying to put together some activities and lessons that kids will find interesting. It seems like a fun book with fun activities and lessons. Love it.
