Fishers Of Men (Kingdom And The Crown)

Synopsis

In an ancient land in a time foretold by prophets, a babe was born beneath a shining star. Thirty years later, Jesus of Nazareth began teaching a message of hope, peace, and love. He claimed to be the Son of God, and his words - and his life - would change the world. In *Fishers of Men*, the first volume in the new series *The Kingdom and the Crown*, best-selling author Gerald N. Lund transports us to the days of Christ's mortal ministry and invites us to experience the emotions and events of those extraordinary times. Reports of Jesus of Nazareth have reached the ears of David ben Joseph, a merchant in Capernaum, who has waited and watched for the Messiah ever since a special, starlit night thirty years ago. He and his family decide to see for themselves whether or not the rumors are true and journey to hear Jesus. Though David is quick to accept Jesus as the Messiah, the rest of his family is more cautious. His wife, Deborah, and his son, Simeon, leaders in the rebellious Zealot movement, look for a Messiah that will crush the Romans with power and the sword, not one preaching a message of love and forgiveness. Meanwhile, reports of Jesus have reached into the very heart of Jerusalem, and both the powerful Sadducee Mordechai ben Uzziel and the Pharisee Azariah are growing uneasy with the news. Though they hold opposing political views, both agree that something must be done to stop this man from Nazareth before he gets out of hand. However, in Mordechai's own household the influence of the carpenter from Nazareth begins to create conflict. *Fishers of Men* is a sweeping epic filled with memorable characters who bring to life an extraordinary time in the history of the world. It is a story about the importance of family, the power of faith, the miracle of forgiveness, and the strength needed to follow your heart.

Customer Reviews

Fisher's of Men is a wonderful inside look on Jerusalem at the time when Jesus was beginning His ministry. David ben Joseph is a prominent merchant in Capernaum who is eagerly waiting for signs of the Messiah. Although David can see that Jesus is the Messiah almost instantly, his family-including the leader of the Zealots, is a little more in doubt. This book not only is a wonderful historical novel, but really helps you to understand and learn more about the time when Christ was here.

I must admit, I didn't care for The Work and the Glory Series also by this author, so I was hesitant to buy this book. Am I glad I did! I was drawn into the story right from the start. I especially liked the way Lund worked the teachings and events from Jesus' life into the narration in a natural way, as if we were there watching the actual events transpire. I finished this book in less than two weeks--despite the fact that it was Christmas! I can hardly wait for the next installment.

I have heard people say that the story of Jesus is the greatest story ever told, but have wondered how that could be when I found the New Testament so difficult to understand when reading straight from beginning to end. Now having finished this series of books I add my vote that the story of Jesus Christ is really the greatest story ever told. Upon finishing I have felt driven to explore the New Testament again. I recently purchased a version of the New Testament which attempts a chronological harmony of the four gospels. I am amazed at how closely Lund's series shadows the chronological harmony version of the King James Version of the New Testament. Lund's work has helped me attain a level of clarity regarding the Savior's ministry that I didn't even know I was missing. Lund also did a great job in helping me understand which characters in the book are really from the New Testament, and where he was favoring certain scriptural interpretations over others. The chapter endnotes were fantastic! Having now finished the whole series that this book belongs to I realize that without the historical insights that Lund provides into the political, social, and cultural setting of the people who lived in that area of the world at that time, I would not fully understand the life and mission of Christ as the Son of God and the Savior of mankind. For me this series is now the standard for all other historical fiction that attempts to represent the ministry of Jesus Christ, or

the origins of Christianity.

In this excellent book, Gerald N Lund takes you back in time to a land called Capernaum where David Bin Joseph watches eagerly for any sign of the Messiah ever since thirty years ago when in Bethlehem, David saw an angel who told him of Christ's birth. Now He is hearing tales of John the Baptist, who claims to be the forerunner for Christ. David sets off to find him, and is inspired by John's teachings. David soon meets Jesus and quickly accepts him as the Messiah. However, David's wife Debrah, and his son Simeon, are not so quick to accept him. They want a Messiah who will destroy their enemies and overthrow the hated Romans. However, Jesus teaches of forgiveness and of loving your neighbor. They wonder, "could this really be the Messiah?" I gave this book 4 stars because I really enjoyed it. It teaches you a lot about what life was like when Jesus was alive and the miracles he performed. It even has chapter notes at the end of each chapter for extra information. It has believable characters, and the author paints a picture in your mind of what is happening. I took away one star because there is too much dialogue and sometimes it got boring while explaining unimportant detail. Other than this, the book was great, and I recommend it to anybody.

Gerald Lund tapped into the mind of Messiah YAHSHUA in this masterpiece. Like many other readers I only put it down when my eyes could read no longer. I too finished reading it in less than five days. I was like a happy puppy when I discovered his second of the series was available. IF you want to be absolutely transported to the time of YAHSHUA -READ THE BOOK- FISHERS OF MEN. I also enjoy good historical novels ; and having read Plato, Socrates, and Homer at the age of twelve - and, I am now 57- I am a very discriminating reader. To paraphrase Thomas Manns' brilliant pen in "Joseph and His Brothers", he picked words like angels pick flowers from the fields of heaven.SMJ.

Kingdom and the Crown Volume 1: Fishers of Men is one of the better books I have read lately. Although it was a bit hard to get into at first, I was captivated once the book got going. I am already in anticipation for the next book to come out. I would recommend this book highly.

I am now on the second book... the first book in this series is so wonderful. It takes you there to Jerusalem and Galilee. You feel as if you walk with Jesus and experience his miracles and teachings first hand. It is an ambitious achievement for the author. You learn and come to know Christ more deeply. At times it can get a bit preachy and I feel like I am in one of Lund's classrooms,

but I dig it anyways (other people may not). But the story is well crafted. I always hate it when authors take too much artistic license and try to guess what a real historical person is feeling or what their motivation is (when there isn't a written record of it anywhere and it is completely up to the interpretation of the author). I am grateful that Lund never attempts that, and for Heaven's sake, especially not with Jesus. All of the dialogue that is written for Jesus can be found directly out of the New Testament. Read this book and come to know the Savior even more deeply than you have before.
