This series is an over the top look at the exploits of five boys in a formerly all girls school. It is absolutely hilarious and I first started reading the scanlated chapters online, but now I can support the author by purchasing the officially translated volumes! One thing that always amazed and amused me when I was reading this online was the comments section, where an ongoing debate went on from those who, for some strange reason, took the story line of this series seriously. This is a ridiculously funny SATIRE and is NOT meant to be taken seriously. Those who are expecting such seriousness are in for a great deal of butthurt. EVERY situation is totally unrealistic, but is handled by the author in such a way that it is completely entertaining. So, take a step AWAY from reality and enjoy this outrageous comedy series!!!

crap: It's happening again: I work at it, and I work at it: I gotta backtrack. Then it happens again . . . that vice-president's nipple . . . I feel a bit weak. I can't believe it. Am going back for it. On a cultural note: It's Japanese traditional to emphasize some particular biological features that are pivotal to the narration. Yet: It won't let me get past page 46. I'll then suggest you grab this. And let me see if the

animÃ© and live action Prison School are finally legally available.

I LOVE Prison School XD its hilarious, the girls are cute and the story is really good, i highly recommend it ^-^

Easily one of the best current Seinen manga series out there. Hilarious, suspenseful and fantastic characters.

Zoo wee mama!
